**Community meeting**

**1. Special presentation: School Safety**

The police use our campus for the safety drills for active shooter. This benefits all because the police know our school layout and for preparations in the event something happens at our school. The LAPD don't necessarily have to wait for back up. They can enter. In previous drills with our teachers and students, the school has been able to be locked down in 30-45 seconds. The safety process for different scenarios have been reviewed. A video is being made to show the safety procedures for our school and once completed will post to the Hesby webpage.

**2. HOPE:**

As of 9/11/18, \$117,900 has been raised of our \$150,000 goal. Grade level competitions. Grade with highest participation level will have ice cream party later. Any amount is appreciated.
